Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Forex trading is not all it is cracked up to be. The picture painted by the gurus and the brokers has only one side, a pink one, and is missing the real feeling and pain that a average retail trader goes through until a success is reached. I can feel the pain in the Forex Community and the purpose of this book is to even out the planes. Here is what you can expect to learn and master after practicing the concepts in this book. Learn to move with the winners and tailgate on their profits(this strategy alone is worth the 10 bucks, actually in my opinion priceless, but its up for bid) How to avoid and react to The Little Dirty Tricks of your broker (brokers are very creative when it comes to squatting your money) The little known but simple strategies of the successful Forex traders (I don t see anybody teaching this) What are the best times to trade (these don t match your breakfast and afternoon nap times, but are crazy profitable) The best ways to trade any strategy(this little detail can make or break your trading record, read about it on page 89) Most important and little known price levels, that deliver profits at any currency pair. (Learn, practice and apply the should be illegal strategy and you will turn your trading on a malfunctioning cash machine that spits dough every time you kick it) How to profit from Weird Crowd Psychology( when used as suggested in the book this one is a massive cash puller, I can even misspell it as pooler and ti still will be correct) The one, little known...
