Language teaching should already be an open system. the formation of any one language ability. relying only on classroom single channel can not be achieved. Reading ability is the core of language proficiency. develop practical reading ability. not only the core content of the secondary vocational schools. language teaching. and emphasis on the accumulation of language and sentiment to guide students to accept the influence of the outstanding culture. to improve the moral character and aesthetic appeal. and the formation of good personality. a sound personality. to promote the development of his career. are of great significance. The nature of the secondary vocational schools and training objectives. we must make strenuous efforts to achieve curricular reading teaching and extracurricular reading activities effectively link the context of broad social classroom to complete the practical ability to read high quality training tasks. According to the whole idea of ??language (basic module) design. the textbooks selected text to the classic works. Classics as participants grasp the gist the combing article ideas understand the author emotional integrate screening information these practical reading ability Liwen. it will help to ensure that practical reading skills training quality. but also helps to keep reading grade teaching should ensure that secondary vocational schools. language teaching tools and Humanity unified. Read the classic works in the classroom. extracurricular Reader to lead the students...
